

PRESS RELEASE

03 November 2022

CHT Group presents exciting and innovative chemical specialties for Personal Care at Making Cosmetics and in-Vitality 2022

- From 23 to 24 November 2022, CHT Group will participate in the important meeting point of the cosmetics and perfumery industry in Europe
- Innovative and sustainable expansions of the CHT-BeauSil™ ranges in focus

From 23 to 24 November 2022, the CHT Group will be present at the Making Cosmetics and in-Vitality at the Allianz MiCo in Milan with its shared booth (625 / IN125) with Biesterfeld to present its innovative products in the field of Personal Care.

CHT-BeauSil™ GEL 8187 EM is a silicone crosspolymer that results in a pleasant, smooth skin feel in a very short time. This emulsion can be added to the water, oil, and silicone phase as desired and can be processed both cold and hot. The product is an ideal raw material for the formulation of face masks.

CHT-BeauSil™ GEL 8015 is a matte silicone crosspolymer that imparts a silky, cushiony skin feel, masks wrinkles and supports moisturizing. The product is the perfect base for all make-ups, day, and night creams as well as lip gloss and sun care.

With **CHT-BeauSil™ RE-AMO 919 EM**, the CHT Group offers a sugar-modified silicone that consists of more than 94% recycled monomers and yet offers the same product quality as classically produced silicones. In hair care products, it leads to an improved combing behavior as well as smoothness and gloss in the hair.

At the Making Cosmetics, ingredients, equipment and packaging suppliers are represented together with the entire cosmetics and nutraceuticals supply chain in order to showcase their excellence and innovation. Over 130 leading national and international ingredient suppliers are gathered.

Visit us from 23 to 24 November 2022 at our booth 625 / IN125 and convince yourself of our latest product developments in the field of Personal Care.

About the CHT Group

The CHT Group is a medium-sized global player for specialty chemicals and active worldwide in development, production and sales. CHT Germany GmbH in Tübingen is the headquarters of the group of companies which focuses on sustainable chemical products and process solutions.

TEXTILE SOLUTIONS of CHT improve the quality, functionality as well as look and purity of textiles and optimize their manufacturing processes.

In the fields of silicones, building materials, paints, coatings, paper, agrochemicals as well as cleaning and care products innovative products and process solutions are provided by INDUSTRY SOLUTIONS.

By combining the strengths of the complete group further innovative products, applications or processes are continually developed and vast technical support is offered within the SCIENCE & SERVICE SOLUTIONS. Highly qualified specialists work in state-of-the art laboratories for development, analytics and application technique in order to work out ideas and solutions that meet the latest requirements.

The CHT Group with its own production and sales locations is represented by more than 26 companies worldwide. In the financial year 2021, the CHT Group generated a group turnover of 630 million Euro with around 2,400 employees.
